ADVANCE PROGRAM

35th Annual Meeting

Sept. 26 – 29, 2020
Fairmont Miramar
Santa Monica, CA
WELCOME

Dear Members and Friends in Vascular Surgery,

It is my distinct honor and pleasure to be writing to you as your 2019-2020 Western Vascular Society President. This year we will celebrate the 35th Western Vascular Society Annual Meeting at the Fairmont Miramar in Santa Monica, CA from September 26-29, 2020. I have been attending WVS meetings consecutively since 2002 when Cornelius Olcott was our President and I was still an active duty vascular surgeon in the U.S. Army. I can’t believe that was 17 years ago.

One thing all members remember is the experience of their very first meeting and the thrill of meeting the titans of vascular surgery. Time has not changed. In fact, our Western Vascular Society members are leading-edge innovators and key opinion leaders in vascular surgery. Watch our new membership experience video for a closer look at a resident presenter experience.

The program committee led by Vincent Rowe, MD is open for abstract submissions. I feel confident they will keep all the traditions of our successful program and bring back a few favorites. For example, the Monday night event will have us see the return of a black-tie formal for the Presidential Banquet. New this year, will be a Founder’s Award competition for a presentation by a new member who is in their first three years of membership. The Robert Hye Memorial Resident Presentation Award will continue to be given to the top three residents who give full presentations. Please see the option to donate on the registration site and support this worthy fund in memory of Dr. Hye.

On behalf of the executive council, I thank you for your commitment to our society’s growth. Please make sure to sponsor vascular surgeons in your community to attend our annual meeting for the first time, or for those who have attended a meeting to apply for membership by July 1, 2020. Grow with us to face the future together leading our teams to provide modern vascular care. 35 years on mission together is worthy to pack your black tie and celebrate how far we have come!

Sincerely,

Benjamin Starnes, MD, FACS

PROGRAM CHAIR WELCOME LETTER
In 2020, we continue to raise the bar in practice as we celebrate the 35th Western Vascular Society Annual Meeting in my hometown, Santa Monica, CA at the Fairmont Miramar. As the largest vascular surgery scientific meeting in the western region, the event features original research and studies from our expert membership. Our accepted abstracts have one of the highest rates of publication in the Journal of Vascular Surgery. In addition to the podium presentations this year, we will offer an afternoon session, as well as a unique digital ePoster presentation to allow for maximum participation.

We invite you to join us as vascular surgeons in a program dedicated to the advancement of our profession. Our scientific program represents an outstanding education opportunity and the best-in-class meeting location will foster member interaction and collaboration - truly the hallmarks of the WVS.

Vincent Rowe, MD
Program Chair
University of Southern California | Pasadena, CA

ROBERT HYE RESIDENT PRESENTATION AWARD
To honor his passion for vascular surgery and education Western Vascular Society Membership established a Robert Hye Memorial Resident Presentation Award. Bob’s work will live on through the fact he mentored many academic vascular surgeons on the West Coast. Donate today when you register. Accepted full presentation papers presented by surgery residents are eligible to win the $1000 award for first place, $500 for second place and $250 for third place.
GENERAL INFORMATION

EDUCATIONAL OBJECTIVES & METHODS

The Western Vascular Society was established with the specific purpose of advancing the art and science of vascular surgery, a goal that directly addresses competence, practice performance, and patient outcomes. The majority of the educational content includes scientific presentations by members, sponsored guests, and residents, selected by the WVS Program Committee. Registration is by invitation by the membership only to ensure this is an enclave of the finest minds in vascular surgery.

OVERALL LEARNING OBJECTIVES

This activity is designed for: vascular surgeons, fellows, residents, and general surgeons who find the art and science of vascular surgery rapidly changing with respect to scientific discovery and surgical technology. Reflecting this rapid advancement, the meeting will feature oral scientific presentations by members, sponsored guests, and residents. Full learning objectives for this CME accredited program will be available after the scientific program is finalized. CME and Self Assessment credit hours for the program will be estimated and accessed by ADMEDCO in Joint providership with Western Vascular Society.

GETTY MUSEUM TOUR
In 1974, J. Paul Getty opened a museum in a re-creation of the Villa of the Papyri at Herculaneum on his property in Malibu, California. In 1982, the museum became the richest in the world when it inherited US $1.2 billion. In 1983, after an economic downturn in what was then West Germany, the Getty Museum acquired 144 illuminated medieval manuscripts from the financially struggling Ludwig Collection in Aachen; John Russell, writing in The New York Times, said of the collection, “One of the finest holdings of its kind ever assembled, it is quite certainly the most important that was in private hands.” In 1997, the museum moved to its current location in the Brentwood neighborhood of Los Angeles; the Malibu museum, renamed the “Getty Villa”, was renovated and reopened in 2006.
